**PROGRAM NOTES**

An enduring classic, this new release from the pen of Leroy Anderson will once again become a staple of the orchestra library. THE TYPEWRITER is being reprinted with full score and bowed parts so that it may be enjoyed once more. The sounds of the typewriter may also be duplicated on the woodblock and the gourd. A great opportunity for high school orchestras to experience the music of Leroy Anderson!

**NOTE FROM THE EDITOR**

All Belwin string parts have been carefully bowed and fingered appropriately by level. The Yellow Very Beginning series includes many bowings as well as reminder fingerings for first-time readers. The Red Beginning series includes frequent bowings to assist younger players. Fingerings for altered pitches are often marked. The Green Intermediate series includes appropriately placed bowings for middle-level students. Fingerings and positions are marked for notes beyond first position. The Blue Concert series includes bowings appropriate for the experienced high school player. Fingerings and position markings are indicated for difficult passages.

**Please note:** Our band and orchestra music is now being collated by an automatic high-speed system. The enclosed parts are now sorted by page count, rather than score order. We hope this will not present any difficulty for you in distributing the parts. Thank you for your understanding.
