

# Just Dance

Words & Music by Aliaune Thiam, Stefani Germanotta & Nadir Khayat

This booming fusion of electro-pop and R&B was a No. 1 hit in many countries on both sides of the Atlantic. In the UK it was the first new No. 1 single of 2009, whilst in the USA, after debuting at No. 76 in August 2008, it took 22 weeks to reach the summit of the Billboard Hot 100; the second-longest climb ever.

**Hints & Tips:** Because there are not many long rests in which to breathe, take every sensible opportunity to snatch breaths in the shorter rests. From bar 33 pay careful attention to rhythm, otherwise there is a risk of getting out of sync with the backing track.
