ABOUT THE ARTIST
Mattie Lou O'Kelley, a native of rural Georgia, began painting at the age of 60. Her memory paintings, often idyllic landscapes or farm scenes filled with people and animals, depict her early life in Georgia. Ms. O'Kelley's early paintings were displayed in the museum shop at the High Museum of Art in Atlanta where they were discovered by Robert Bishop, director of the American Museum of Folk Art. Her works are now included in the collections of major museums.
