# GUITAR NOTATION LEGEND

Guitar music can be notated three different ways: on a *musical staff*, in *tablature*, and in *rhythm slashes*.

**RHYTHM SLASHES** are written above the staff. Strum chords in the rhythm indicated. Use the chord diagrams found at the top of the first page of the transcription for the appropriate chord voicings. Round noteheads indicate single notes.

**THE MUSICAL STAFF** shows pitches and rhythms and is divided by bar lines into measures. Pitches are named after the first seven letters of the alphabet.

**TABLATURE** graphically represents the guitar fingerboard. Each horizontal line represents a string, and each number represents a fret.

Notes: D

Strings: high E B D A E low

4th string, 2nd fret    1st & 2nd strings open, played together    open D chord

## Definitions for Special Guitar Notation

**HALF-STEP BEND:** strike the note and bend up 1/2 step.

**WHOLE-STEP BEND:** strike the note and bend up one step.

**GRACE NOTE BEND:** strike the note and immediately bend up as indicated.

**SLIGHT (MICROTONE) BEND:** strike the note and bend up 1/4 step.

**BEND AND RELEASE:** strike the note and bend up as indicated, then release back to the original note. Only the first note is struck.

**PRE-BEND:** Bend the note as indicated, then strike it.

**PRE-BEND AND RELEASE:** Bend the note as indicated. Strike it and release the bend back to the original note.

**UNISON BEND:** strike the two notes simultaneously and bend the lower note up to the pitch of the higher.

**VIBRATO:** The string is vibrated by rapidly bending and releasing the note with the fretting hand.

**WIDE VIBRATO:** The pitch is varied to a greater degree by vibrating with the fretting hand.

**HAMMER-ON:** strike the first (lower) note with one finger, then sound the higher note (on the same string) with another finger by fretting it without picking.

**PULL-OFF:** Place both fingers on the notes to be sounded. Strike the first note and without picking, pull the finger off to sound the second (lower) note.

**LEGATO SLIDE:** strike the first note and then slide the same fret-hand finger up or down to the second note. The second note is not struck.

**SHIFT SLIDE:** Same as legato slide, except the second note is struck.

**TRILL:** Very rapidly alternate between the notes indicated by continuously hammering on and pulling off.

**TAPPING:** Hammer ("tap") the fret indicated with the pick-hand index or middle finger and pull off to the note fretted by the fret hand.
